A horizontal beam is shown with a pin support at the left end and a roller support at the right end. A vertical line is drawn at the midpoint of the beam, dividing it into two equal segments. The left end is labeled 'D' and the right end is labeled 'B'.

A technical line drawing of a rectangular frame, likely for a display or panel. The frame is composed of four L-shaped corner brackets. Each bracket has a vertical flange with two circular mounting holes and a horizontal flange with two circular mounting holes. The frame is shown in a perspective view, with the top and bottom edges slightly receding. The drawing is a black and white line art, typical of a technical specification.
