All knockouts are actual size / Les disques défonçables sont grandeur réel

The diagram shows the front view of a rectangular metal plate. The overall width is 28.000 and the overall height is 34.000. The plate has a dashed line border indicating a 3mm offset from the edges. There are six numbered knockouts (circles) located at the corners and midpoints of the edges:

- 1: Bottom-left corner
- 2: Bottom-right corner
- 3: Top-left corner
- 4: Top-right corner
- 5: Midpoint of the left edge
- 6: Midpoint of the right edge

The word "FRONT" is centered below the plate. A coordinate system is shown with the origin (0.000) at the top-left corner and the X-axis extending to the right (28.000) and the Y-axis extending downwards (0.000).

A technical drawing of a rectangular frame. The top edge is represented by two parallel lines, while the bottom edge is a single line. The left and right edges are also single lines. At each of the four corners, there are small circular details, possibly representing fasteners or joints. The drawing is oriented vertically on the page.
