All knockouts are actual size / Les disques défonçables sont grandeur réel

The diagram shows the front view of a rectangular metal plate. The plate has a width of 28.000 and a height of 34.000. The origin (0.000) is at the top-left corner. Six knockouts are located at the corners and midpoints of the sides, numbered 1 through 6. The knockouts are arranged as follows: 1 at the bottom-left corner, 2 at the bottom-right corner, 3 at the top-left corner, 4 at the top-right corner, 5 at the midpoint of the left side, and 6 at the midpoint of the right side. The word "FRONT" is centered below the plate. A dimension line at the top indicates a width of 28.000. A dimension line on the right indicates a height of 34.000. A dimension line at the bottom-left corner indicates a height of 0.000. A dimension line at the bottom-right corner indicates a width of 0.000.

A technical drawing of a rectangular frame. The top edge is represented by two parallel lines, while the bottom edge is a single line. The left and right edges are single lines. At each of the four corners, there are small circular details: the top-left and bottom-left corners have a small circle on the left edge, while the top-right and bottom-right corners have a small circle on the right edge. The drawing is oriented vertically on the page.
